Course description

WEA are working in partnership with GM Careers to deliver this pre-employment programme designed to provide you with the skills and knowledge to work in Social Care. You must live in Greater Manchester to take part in this programme. The course will cover key elements of the Care Certificate (which all social care workers must undertake), it will support you to write a CV and prepare for interviews and it also includes a work placement at the end of the training. You will meet with GM Careers throughout the course to discuss your work placement. The placement is arranged in accordance with your preferences in role, as well as location. We will be learning together as a committed team, with some fun along the way. Once you have completed all of your online training, you will then undergo your voluntary placement in a social care setting – this is

designed like a working interview, to give you the opportunity to try out the working environment! If you are happy with the employer, and the working interview goes successfully, this will then turn into a paid role with that employer.
