

# The WEA A to Z 2008-09

## A national directory of WEA Regions, Branches and Groups

The Workers' Educational Association (WEA) is a national adult education charity. We work in partnership with WEA volunteers across the country to provide a huge range of part-time, day and evening classes.

All kinds of people attend WEA courses. Some of our students have been learning with the WEA for years. For many others, the WEA provides a first, encouraging, step back into education after leaving school or college. We are a national network of more than four hundred volunteer-led branches and groups, and nine regional offices in England.

We're also a membership organisation, with a strong democratic tradition. Our members and volunteers are involved in the work of the WEA at all levels.

This directory lists all the WEA branches and groups offering part-time courses to the public this year. If you wish to find out more about your local WEA, join a class or become a member, please contact us. Our branches and groups are run by volunteers who are usually home-based, so you may not be able to make contact straight away. Your local WEA Regional Office will always be able to help during office hours.

## Can't find a local WEA branch or group?

In addition to courses run by local branches and groups the WEA is running hundreds of other courses all over the country. If you can't see a local branch or group in this listing, your local Regional Office will be able to advise whether there are other courses available in your local area. Similarly, if you can't spot a local branch and are interested in finding out about setting up a voluntary branch or group to run WEA courses in your area, we would be pleased to hear from you. You can email us on [membership@wea.org.uk](mailto:membership@wea.org.uk) or call us on 020 7426 3450 and ask to speak to someone in our membership department.
