Spring Term 2012

LfCI LEARNING FOR COMMUNITY INVOLVEMENT

Home Sweet Home

Graham Birkin

What makes a good home?

Why do we often long for return when we were forced to leave?

Based on the experience of participants, the session will discuss the pull of the past and the need to move on in the present. There will be a sharing of stories from Sheffield's recent arrivals, with maps, photographs and newspaper articles, giving us all an understanding of where we have come from and our enduring attachment to past and place.

At the end we will know a little more about ourselves and our neighbours.
