What we do.....

The Workers' Educational Association (WEA) is the UK's largest voluntary provider of adult education. Ever since it was founded in 1903, in order to support the educational needs of working men and women, the WEA has maintained its commitment to provide access to education and learning for adults from all backgrounds, and in particular those who have previously missed out on education.

The WEA is one of the UK's biggest charities, and operates at local, regional and national levels. Nine Regions in England, a Scottish Association and over 450 local Branches make up the WEA's National Association.

Through these local and regional centres, today's WEA now runs over 10,000 courses each year, providing learning for more than 110,000 adults of all ages and drawn from all walks of life.

Our mission is to be a 21st Century, democratic, voluntary adult education movement, committed to widening participation and to enabling people to realise their full potential through learning.
