

#AdultEducationWorks

Adult Education Works to:

- ▶ Support us with the skills we need for work
- ▶ Bring our communities together and break down barriers
- ▶ Improve our health and well-being
- ▶ Transform lives and help us cope with change - ensuring a more positive future

That's why I am calling on the new Government to:

- ▶ Invest in adult education – increase annual spending to £3bn
- ▶ Ensure learning is within reach – support provision for every community
- ▶ Help us stay healthy – fund projects that link health and education services
- ▶ Make it easier to find out more – invest in better Information, Advice & Guidance

WEA

Adult Learning
Within Reach
