Course description

This is the perfect course if you have previous knowledge of sewing and dressmaking. Also we will be looking at different types of fabric decoration including Batik, basic printing, bleach printing, Shibori and natural dyes. Using these techniques you can choose to personalise the garment you make. We are not all the same so learning to adjust your pattern will offer you the opportunity to make your own, well fitting clothes. We will continue to look at how we can upcycle, repair or recycle your existing wardrobe...trousers too long, long sleeve when you'd like a short sleeve or even replacing a zip.

Assessment of learning will be done regularly throughout the course.

Information, advice and guidance will also be given to enable further course/professional progression to enable you to progress into other study areas or prepare you for the world of employment.
