Beginners

Course overview

This is a FREE 5-week course designed for those that enjoy crafts, with the intent in bringing people in the community together to enjoy spending time with like minded people. The course is aimed at any level, whether you are a beginner or have been crafting for many years. The course is created for you to work at your pace on your project. The tutor will give guidance and support with your craft project and provide many materials, although if you have anything to up cycle at home please bring along to the sessions. If you don't use it we are sure someone will find a great use for it.

Course description

During this FREE 5-week course you will work on a craft project either chosen by yourself or given by your tutor. You will work at your own pace creating your own personal craft project to take home or give as a gift to a friend or family member. Your project can be extravagant or a simple idea, it doesn't matter.

As this course is designed for all levels of crafts and working on your own project it doesn't matter if you are a complete beginner or experienced in crafts, the tutor will still be providing you with new skills and ideas to take away.

As we are keen on protecting the environment, we are high on recycling. So, if you have any materials at home that you would like to upcycle, please bring them along to the sessions. If you can't find a place for it we are sure someone will love to use it.

This course can take you onto many opportunities after this one finishes. Crafts is an endless joy and by speaking with the tutor during this course you could all be planning your next adventure in crafts. From jewellery making to sewing to glass painting, the ideas are endless.

What financial support is available?

We don't want anything to stand in your way when it comes to bringing Adult learning within reach so if you need anything to support you to achieve your goals then speak to one of our education experts during your enrolment journey. Most of our courses are government funded but if you don't qualify or need alternative financial help to access them then let us know.

What other support is available?

All of our digital content, teaching and learning activities and assessments are designed to be accessible so if you need any additional support you can discuss this with the education experts during your enrolment journey and we will do all we can to make sure you have optimal access.
