Art Practical: An Introduction to Line Drawing ()

Level of study

Level 1

Course overview

On this course, you will develop an understanding of line drawing techniques and how to apply them to outcomes. We'll start by introducing various line drawing methods with visual examples. Next, you'll gain insights into the distinctions between these techniques, enabling you to effectively compare and contrast them, and pick your favourite to use. Through practical exercises, you'll learn how to apply these techniques. You will have the opportunity to showcase your newfound skills by independently creating a unique piece using one of the line-drawing techniques introduced.

Course description

This course focuses on four line drawing techniques, starting with an engaging induction into the world of line drawing, setting the stage for our exploration of four distinct techniques. You will be introduced to continuous blind, cross, and basic line drawing. Each line-drawing technique will be introduced with a visual example and demonstration. You will have the chance to work in pencil and pen on paper to experiment with each line drawing technique. You will have the opportunity to compare and contrast outcomes, deciding which line-drawing technique you prefer and which medium you favour. You will have the chance to test out creating line-drawing in different time frames to explore how much you can achieve in 30 sections, 1 minute, 3 minutes, and 5 minutes.

You will learn through practical tasks and peer learning. You will receive feedback from your tutor.

By the end of this course, you'll be equipped with the knowledge and practical skills to confidently employ various line drawing techniques and produce your own artwork.

What financial support is available?

We don't want anything to stand in your way when it comes to bringing Adult learning within reach so if you need anything to support you to achieve your goals then speak to one of our education experts during your enrolment journey. Most of our courses are government funded but if you don't qualify or need alternative financial help to access them then let us know.

What other support is available?

All of our digital content, teaching and learning activities and assessments are designed to be accessible so if you need any additional support you can discuss this with the education experts during your enrolment journey and we will do all we can to make sure you have optimal access.
