Course overview

In today's fast-paced digital world, the ability to use a mobile device is more than just a convenience—it's a necessity. The Digital Skills Hub is excited to introduce a comprehensive 5-week course designed specifically for individuals who feel left behind in the digital age. Our "Get to Know Your Device" course aims to empower participants with the essential skills needed to confidently navigate and utilize their mobile devices. Join us at the Digital Skills Hub and embark on a journey towards mobile mastery. Empower yourself with the skills and confidence to navigate the digital world with ease and embrace the benefits of being connected in today's digital age. Don't let technology pass you by—take control of your digital destiny with our "Get to Know your Device" course!

Course description

In an era where communication is primarily digital, mastering your device ensures you can stay connected with loved ones, friends, and colleagues anytime, anywhere. Whether it's making a call, sending a text, or using social media, our course will help you stay connected with ease.

The internet is a vast repository of information. Learn how to browse the web safely and efficiently to find the information you need. Including how to shop for the best device deals!

Being digitally literate is crucial for full participation in today's society. Our course promotes digital inclusion by providing participants with the skills and confidence to engage with technology. Whether it's online banking, shopping, or accessing government services, we'll guide you through

the digital landscape.

Mobile devices are powerful tools that can enhance productivity. From managing schedules with calendars and reminders to accessing work-related apps and tools, our course will teach you how to leverage your device to boost your productivity both personally and professionally.

Beyond communication and productivity, mobile devices offer a plethora of apps and features that can enhance your quality of life. Whether it's learning a new skill through educational apps, tracking your health and fitness, or enjoying entertainment, our course will introduce you to the endless possibilities that your mobile device offers.

What financial support is available?

We don't want anything to stand in your way when it comes to bringing Adult learning within reach so if you need anything to support you to achieve your goals then speak to one of our education experts during your enrolment journey. Most of our courses are government funded but if you don't qualify or need.

What other support is available?

All of our digital content, teaching and learning activities and assessments are designed to be accessible so if you need any additional support you can discuss this with the education experts during your enrolment journey and we will do all we can to make sure you have optimal access.
