Venue

St Paul's Church
College Square
Harlow
CM20 1LP

Level of study

Beginners

Course overview

This course is in partnership with Rainbow Services. The 8-hour paediatric first aid course provides comprehensive training on the essential skills, numeracy and responsibilities of a paediatric first aider. Participants will learn the critical role they play in emergency situations involving infants and children and also how maths plays a role in that. Core topics covered include CPR (cardiopulmonary resuscitation), including both resuscitation techniques and defibrillation procedures tailored for paediatric cases. Additionally, the course covers the management of seizures, choking incidents, wounds, bites, and stings commonly encountered in paediatric emergencies. Through hands-on practice and theoretical instruction, participants gain the confidence and skills necessary to effectively respond to paediatric medical crises and potentially save lives.
