Beginners

Course overview

This course is aimed at elementary ESOL students to help them understand basic numeracy terminology that will help them in everyday life, build their confidence with numbers and supplement their ESOL studies in order to help them progress. You will learn vocabulary around numbers, written number sentences for addition, subtraction and multiplication using games and activities. If you would like to improve your numeracy skills and your ESOL language skills then please do come along to this course. This course is free for Southampton residents.

Course description

This course is for elementary ESOL students. The course will help you build your confidence with numbers and language related to numbers. You will learn the vocabulary and language related to numbers. You will then apply this to everyday problems and situations through games, activities and written work. You will look at number sentences, function words, place value including units, tens and hundreds and calculations, including additions, subtraction and multiplication. This will be an interactive course with lots of opportunities to practice language around numbers. The course will help you build your confidence with numbers in a fun and engaging way. This course will lead to a Applying for jobs course. This course is part of Southampton City Council's Multiply programme and is free to residents of Southampton who live in the following postcodes SO14, SO15, SO16, SO17, SO18 and SO19. Please call our Southampton office on 023 8063 0483 if you want further information.

What financial support is available?

We don't want anything to stand in your way when it comes to bringing Adult learning within reach so if you need anything to support you to achieve your goals then speak to one of our education experts during your enrolment journey. Most of our courses are government funded but if you don't qualify or need.

What other support is available?

All of our digital content, teaching and learning activities and assessments are designed to be accessible so if you need any additional support you can discuss this with the education experts during your enrolment journey and we will do all we can to make sure you have optimal access.
