Course description

Improve your ability to take measurements, read patterns, prepare fabric for cutting, use a sewing machine, stitch fabric, make seams, insert a zip, make buttonholes, and use overlock machines to create a professional finish. Widen your knowledge of the qualities of different types of fabric. Make cushions, curtains or other soft furnishing projects, and produce samples, recordings and

photos for your folder (online and on paper) every week. In addition to sewing; citizenship, employability and digital skills will also be embedded in the programme to help you develop valuable transferable skills.

Assessment of learning will be done regularly throughout the course so that you can map your academic progression with us at the WEA.

Information, advice and guidance will also be given to enable further course/professional progression to enable you to progress into other study areas or prepare you for the world of employment.
