Course overview

Discover the beauty of botanical illustration with our Art Practical: Botanical Illustration course. Learn techniques for drawing and painting plants and flowers with precision and detail. Ideal for artists and nature enthusiasts.

Course description

Art Practical: Botanical Illustration is designed to teach individuals the techniques and skills needed for botanical illustration. This course covers essential methods for drawing and painting plants and flowers with precision and detail. Participants will learn about botanical anatomy, different illustration techniques, and how to use various materials and tools. The course includes practical demonstrations, guided practice, and individual feedback to help students develop their skills. By the end of the course, participants will have completed several botanical illustrations and gained the confidence to continue exploring this art form. This course is ideal for artists and nature enthusiasts looking to develop their skills in botanical illustration.

What financial support is available?

We don't want anything to stand in your way when it comes to bringing Adult learning within reach so if you need anything to support you to achieve your goals then speak to one of our education experts during your enrolment journey. Most of our courses are government funded but if you don't qualify or need alternative financial help to access them then let us know.

What other support is available?

All of our digital content, teaching and learning activities and assessments are designed to be accessible so if you need any additional support you can discuss this with the education experts during your enrolment journey and we will do all we can to make sure you have optimal access.
