### Venue

Online

## **Level of study**

Beginners

## **Course overview**

In honour of Mental Health Awareness Week, join our Yoga to Improve Mental Wellbeing course. This class focuses on yoga practices designed to enhance mental health and emotional balance. Through a blend of gentle postures, breathwork, and mindfulness techniques, you will learn methods to calm the mind and support mental clarity. Suitable for all levels, this course encourages you to listen to your body and adapt practices to meet your individual needs. Enjoy a supportive environment where you can develop effective strategies for improving your mental wellbeing and overall quality of life through yoga.

## **Course description**

This course, offered in celebration of Mental Health Awareness Week, is ideal for anyone looking to enhance their mental wellbeing through the practice of yoga. Suitable for participants of all levels who can comfortably get up and down from the floor, it emphasizes safe, mindful practices tailored to individual needs. You will learn to connect with your breath to create a calm, focused state as you engage in movements designed to support mental clarity and emotional balance.

The course includes a variety of gentle postures, restorative poses, and mindfulness techniques known to promote mental wellbeing. Breathing exercises and guided relaxation will complement these physical practices, helping to reduce stress, anxiety, and depression while fostering a sense of inner peace. Emphasis is placed on practicing a balanced range of movements to support both mental and physical health.

Throughout the course, you will be encouraged to become more aware of how your body and mind respond to these practices, moving with care and attention. This awareness will help you identify which practices are most beneficial for you, fostering confidence in your ability to practice independently.

By the end of the course, you will be equipped to create a personalized yoga routine that supports and enhances your mental wellbeing. This foundational course can also serve as a stepping stone to more advanced yoga practices focused on holistic wellness.

## **What financial support is available?**

We don't want anything to stand in your way when it comes to bringing Adult learning within reach so if you need anything to support you to achieve your goals then speak to one of our education experts during your enrolment journey. Most of our courses are government funded but if you don't qualify or need alternative financial help to access them then let us know.

## What other support is available?

All of our digital content, teaching and learning activities and assessments are designed to be accessible so if you need any additional support you can discuss this with the education experts during your enrolment journey and we will do all we can to make sure you have optimal access.
