Course description

This course gives you the dedicated time, structure and inspiration to write. You catch your own momentum to continue writing. Using mentor texts to refresh essential elements of what makes an effective story, the tutor will provide prompts to launch you into your writing. You'll have the opportunity to share with others and receive feedback.

Writing together helps us get words on the page. Writing together helps us keep accountable. Writing together builds motivation. The tutor will share her feedback and craft notes so learning nuggets will inspire you to improve your work.

This is ideal for those who have started something, even just early stages, and could do with a boost and assigned time to get more done!
