Phoenix Square, 4 Midland Stre

Leicester

Level of study

Beginners

Course overview

This Basic First Aid Awareness Course with CPR provides essential life-saving skills for emergencies. Participants will learn how to assess situations and perform CPR (Cardiopulmonary Resuscitation) on adults, children, and infants. The course covers the use of an AED (Automated External Defibrillator). Through hands-on practice and clear instruction, learners gain the confidence to act quickly and effectively in critical situations. This training is ideal for anyone looking to be prepared in case of a medical emergency at home.

Course description

This Basic First Aid Awareness Course with CPR is designed to equip individuals with the knowledge and confidence to respond effectively in emergency situations. The course covers how to assess a scene for safety and, check for responsiveness. A key component of the training is Cardiopulmonary Resuscitation (CPR), where participants will learn how to perform chest compressions on adults, children, and infants. The course also includes instruction on the safe and effective use of an Automated External Defibrillator (AED).

Through a combination of theoretical learning and hands-on practice, participants will develop the skills needed to act quickly and calmly during medical emergencies. Whether at home, in the workplace, or in public, this training empowers individuals to make a difference when it matters most. By the end of the course, attendees will have a be able to provide effective CPR.

What financial support is available?

We don't want anything to stand in your way when it comes to bringing Adult learning within reach so if you need anything to support you to achieve your goals then speak to one of our education experts during your enrolment journey. Most of our courses are government funded but if you don't qualify or need alternative financial help to access them then let us know.

What other support is available?

All of our digital content, teaching and learning activities and assessments are designed to be accessible so if you need any additional support you can discuss this with the education experts during your enrolment journey and we will do all we can to make sure you have optimal access.
