Course overview

This ESOL (English for Speakers of Other Languages) course is designed to support adults with little or no English language skills who are seeking employment in the UK. The course introduces essential vocabulary and simple sentence structures used in everyday work environments. Learners will practise speaking, listening, reading, and writing through interactive activities focused on job-related situations such as applying for jobs, attending interviews, understanding basic instructions, and communicating with colleagues or customers.

Course description

The course also explores cultural expectations in UK workplaces, helping learners understand common behaviours, etiquette, and communication styles. No previous English experience is required, and the learning environment is friendly, supportive, and paced to suit beginners.

By the end of the course, participants will be able to introduce themselves, ask and answer simple questions, follow basic instructions, and complete simple forms. They will also gain confidence in using English in real-life employment contexts and be better prepared to take the next steps in their job search or workplace integration.

This course is ideal for those looking to improve their English for work, build confidence, and take the first step towards employment success in the UK.

What financial support is available?

We don't want anything to stand in your way when it comes to bringing Adult learning within reach so if you need anything to support you to achieve your goals then speak to one of our education experts during your enrolment journey. Most of our courses are government funded but if you don't qualify or need alternative financial help to access them then let us know.

What other support is available?

All of our digital content, teaching and learning activities and assessments are designed to be accessible so if you need any additional support you can discuss this with the education experts during your enrolment journey and we will do all we can to make sure you have optimal access.
