Course overview

This course is funded by the Greater Manchester Combined Authority and is only available to residents living within the Greater Manchester Combined Authority area. This course will help you if English is not your first language and if you are struggling to understand the vocabulary needed to pass the UK Driving Theory Test. During the course, we will cover the English technical language you are likely to need. You will also learn about the language used in the Highway Code and about transport in the UK. We will also cover road signs, road markings and the rules of driving. The course will help you to feel more confident that you are ready to apply for the Theory Test.

Course description

Come and join us if English is not your first language and you would like to prepare to apply for the UK Driving Theory Test. If a lack of confidence with the vocabulary needed for the test is holding you back, this course will help you to improve on the language skills needed to be able to attempt it.

As well as the technical language needed to understand the test, we will also learn about the language used in the Highway Code and lots of information about different types of transport in the UK. We will learn about road signs, road markings and some of the rules of driving. We will talk about the safety of all road users, including pedestrians and cyclists, as well as car drivers.

This course is not suitable for learners who are beginners in English language. You need to be working at least at Entry 2 level in order to participate in the course.

On completion of the course, learners should continue to consolidate their learning and improve their skills by continuing to revise what they have learned. They should be better placed to feel sufficiently confident to book their UK Driving Theory test. They can also continue to develop their English skills by joining an ESOL course.

What financial support is available?

We don't want anything to stand in your way when it comes to bringing Adult learning within reach so if you need anything to support you to achieve your goals then speak to one of our education experts during your enrolment journey. Most of our courses are government funded but if you don't qualify or need alternative financial help to access them then let us know.

What other support is available?

All of our digital content, teaching and learning activities and assessments are designed to be accessible so if you need any additional support you can discuss this with the education experts during your enrolment journey and we will do all we can to make sure you have optimal access.
