## **Course overview**

This course is funded by the South Yorkshire Combined Authority and is only available to residents living within the South Yorkshire Combined Authority area. English Conversation (Pre Entry) is a gentle introduction to speaking and listening for adults who are new to learning English. The course focuses on building confidence, recognising familiar words, and taking part in short, supported conversations. Learners practise simple greetings, everyday phrases and basic listening tasks in a relaxed, friendly environment. Activities use pictures, real life objects and guided practice to help learners communicate in familiar situations. This course is ideal for learners who need reassurance, confidence building and a positive first step before progressing to an Entry 1 ESOL level course such as English For Everyday Life.

## **Course description**

English Conversation (Pre Entry) is designed for adults who are beginning their English learning journey and want to develop confidence speaking and listening in everyday situations. The course focuses on simple, familiar language used in daily life, such as greetings, personal information, home routines and basic needs. Learners take part in short, supported conversations using pictures, prompts and real life examples. Listening tasks include recognising key words, understanding very short instructions and responding to simple questions.

Activities are practical, visual and confidence building, helping learners feel comfortable using English at their own pace. The course also introduces basic communication strategies such as using gestures, repeating key words and asking for help. Learners practise recognising everyday vocabulary, understanding simple spoken information and using familiar phrases in predictable situations.

This course is ideal for learners who need a gentle, supportive start before moving into more structured ESOL learning. By the end, learners will feel more confident taking part in short conversations and will be ready to progress to English For Everyday Life working at Entry 1 ESOL level.
